Digital Literacy for Students

What is Digital Literacy?

Digital literacy is the ability to use digital technology, communication tools, and the internet effectively and responsibly.

It helps students find information, evaluate sources, create digital content, and communicate online safely.

Useful Digital Tools for Students

- Google Docs – for writing assignments and collaboration
- Google Drive – for storing and sharing files
- GitHub – for managing and sharing coding projects

Safe Internet Practices

- Use strong and unique passwords
- Avoid clicking unknown or suspicious links
- Do not share personal information publicly
- Enable two-factor authentication (2FA)
- Download files only from trusted sources

Email Etiquette

Use a clear subject line
Start with a formal greeting
Keep the message short and polite
Check spelling and grammar before sending
End with a proper closing and your name

“Being digitally literate helps students learn, communicate, and stay safe online.”
